NEW BATTERY FOR DONOVAN'S TEAM.

Pitcher McFarland and Catcher Weaver of Cedar Rapids Sign With the Cardinals.

ST. LOUIS GAMES POSTPONED.

Inclement Weather at Detroit and Brooklyn Gives Browns and Cardinals a Day of Rest.

When the Cardinals return to St. Louis for their Sunday tilt with the Pirates Manager Pat Donovan will find some new material to work over for the remainder of the season. While the Cardinals have been traveling Business Manager Lou Heilbroner has been scouting throughout the West and South and has picked up several prombing players from the minor reagues. For the past few days Helbroner has been doing missionary work in the Three-Eye League towns, and his latest capture is a battery from the Cedar Rapids, is., team er McFarland and Catcher Weaver ere the players signed from the Cedar Rapids team. They probably will report here ias team. They probably will report here to-morrow, as the Three-Eye League season closes to-day. They will be hete not later than Friday. Pitener Hackett of the Terre Haute team of the same league was signed some time ago, and he will be 40 hand also when the Cardinals return.

The "doye" on McFarland and Weaver is a good recommendation for them for the Three-Eye League is one of the strongest minor organizations in the country. McFarland got off poorly this season, but he won nineteen out of the twenty-seven games he pitched. Weaver is said to be a giant in stature, and has caught over a numbred straight games for Cedar Rapids. He was second in the list of fielding catchers in the Three-Eye last season, being next to Starnagle of Terre Haute, who joined the Cincinnati team at the close of the present season.

Mr. Helibroner is expected to return in a

Mr. Helibroner is expected to return in a few days, and from reports that have been coming in from different points, it would seem that he has secured the services on a large number of young players. It was reported that the Boston National League club was after McFarland and Weaver, as the pair have been doing good work all summer. It now develops that the St. Louis club had been watching their work carefully, and had negotiated with Manager Beldon Mill before the Boston club made its bid. A good price was paid for the release of the two players. Mr. Helibroner has lines out for a number of Southern Loague players, having visited some of the cities on that circuit on his rounds. When the round-up comes, Manager Donovan will have no lack of promising material.

The new players will be given every opportunity to make good and will be put in most of the games for the balance of the season. McFarland and Hackett will be worked regularly. The major league clubs are recruiting from the minors every day, the National League magnates believe it is a more inexpensive and possibly a better

policy to develop young players than to spend fabulous sums for recognized stars.

Out of the new men some stars are sure to be developed and one good man will repay a club for the trial of others who will fall. On the other hand, the old stars are apt to "go back" next season and many such investments will be a total loss.

The Pittsburg Club has already taken on Jim Sebring, right fielder of the Worcester team of the Eastern League—the club that gave Homer Smoot to the Cardinals. Phelps, a catcher, and Morritt, a pitcher, who started this season with the Pirates, are other recent additions. The Cincinnati Club is corraling a lot of minor league talent along with major league stars, and with Joe Kelley at their head, the prospects of a pennant winner in Cincinnati Club is better fortified just now than any of the other clubs. The Pittsburg team has been greatly weakened and is now losing with regularity.

It is reported that Donovan has corraled Otto Kruger and Arthur Nichols for next year. Stewart Muckenfuss stated last night that he had not heard that Nichols and Kruger had signed, but it is likely that they have accepted Donovan's terms. It is safe to say that Kruger will not get \$4,000, but he will get a substantial raise, for it is a fact that he has had an offer to play in the American League. Three weeks ago, a person who is intimate with most of the St. Louis clayers, declared to the sporting editor of The Republic that no less a person than Jimmy McAleer had approached Nichols and had signed him for the Browns. That seems highly improbable, for Nichols was apparently satisfied with his berth and stood ready to give Donovan the first chance. McAleer says there is no truth in the rumor. It seems probable that the Cardinals will lose Jack Rvan next year. If Weaver makes good that will give the club two catchers, with Nicholas as an emergency man. Ryan can get good money in Detroit and he probably will go there. He is a good catcher, though he has often been suspected to be "all in." In baseball a man gets "old" before he is \$5. Ryan has at least two good seasons in him yet. has at least two good seasons in him yet

Neither St. Louis team played yesterday. The game at Detroit was postponed on account of the wintry atmosphere and the dampness of the field at Bennett Park. In Detroit winter comes early and lingers long. The players found overcoats very comfortable yesterday. A double-header will be played to-day, and the Browns expect to annex both games. Shields and Donahue will do the pitching. Mullin and Egan will do the twirling for Detroit.

Rain interfered with the Cardinals' game and they were obliged to depart from Brooklyn with their schedule lacking completion by one game. It is not likely that the game will ever be played. To-day the Browns open in Boston. To-morrow will be their lest day in the East this season. It is probable that the Boston game which was postponed from the second Boston series in St. Louis may be transferred to Boston, in which case a double-header will be played either to-day or to-morrow. The Cardinals will do some train riding Friday and will iny over in Chicago for a game Saturday. Sunday and Monday they will play the Pirates at League Park. Tuesday the Browns will again resume operations at the Grand avenue park, with Detroit as their opponents.

Pirates could beat the Browns in a post-season series. In fact, any of the three leading teams in the American should be able to polish off the Pirate champs. The Reds, I believe, would make it more inter-esting for the Browns than the Pirates."

John Burns, second baseman, and John Kleinow, catcher, both of the Toledo American Association team, have been released by Toledo, and both have gone to California. Burns will join the San Francisco team, and Kleinow the Oakland team of the California League.

NO GAME AT DETROIT.

Donahue Declares He Will Be With the Browns Next Year. REPUBLIC SPECIAL, Detroit, Mich., Sept. 9.-Manager Dwyer of the Detroit team late this forencon took a long look at the Bennett Park diamond,

upon which the rain had been falling aff night, and officially declared the game off that had been scheduled for to-day. It would have been possible to play, although life-preservers would have been in order, especially at second and third bases, but the chilly weather made it sure that the game would be a poor investment of

order, especially at second and third bases, but the chilly weather made it sure that the game would be a poor investment of energy, viewed from the box-office standpoint. Two games will, accordingly, be played to-morrow, the first to be called at 2 o'clock and the second at 4. Mullin and Yeager will do the twirling for the Tigers, and Manager McAleer is saving Donahue and Harper, his stars, and will pitch Shields and Sudhoff, the former the twirler whom the Tigers knocked out of the box Monday.

Most of the players on both teams took the off day to visit the Windsor races where Winnie Mcreer, one of the Detroit's, and Mike Kahoe of the Browns, pulled off a big coup on a long shot. The only event of importance that occurred during the evening was the candid declaration of Pitcher Frank, better known as "Red" Donahue, that he would be found with the St. Louis Browns next year. "Red" has been claimed by the Philadelphia National League club, of which he was a number last year, by the New York club of the same organization and by the Cincinnati team.

The declaration which the Brown's star pitcher made last night was called forth by a 'charge emanating from Manager Kelley of the Cincinnati's himself a jumper and under contract to the American, to the effect that Donahue had been a traitor to promises made to the National club, having promised to play with that organization at one time and having then deserted to the American League again.

"If Joe Kelly thinks he is going to gain anything by such tactics as these, he is very much mistaken," said Donahue, last night, "He wanted Powell and me for next year, and we had a conference with him. After he had made each of us an offer we gave our own club the first chance, and the result was our acceptance of McAleer's terms for another year. Kelly has been sending me telegrams and letters ever since and I suppose his outburst is the result of a message from me which simply stated the fact that I was in no condition to do business with him.

I make the following statement: In the ninth inning of the game Sunday between the Chillicothe Athietics and the Moberly Signals, at Chillicothe, I called Painter out for cutting first base.
